# THE NEXT GEN SCHOOL

## “The Future Education Consortium”

We pride ourselves on the quality of our impartial independent advice and guidance for schools when considering their next steps.

Our mission statement is to 'Inspire and Achieve'. We believe every child deserves the right to be inspired through their education in order to fulfil their potential and be prepared for an active and successful life.

We are an inclusive organization that welcomes all schools.

We set high expectation for conduct, engagement, responsibility and resilience and we challenge each educational institution to achieve and celebrate their goals. Academic success is at the heart of this preparation and is enhanced through wide ranging opportunities both within and beyond the school to identify, develop and extend personal talents.

Our aim is to stimulate and develop schools for a lovable learning atmosphere that continuous through school officials including academicians and as a result we seek to enable our schools to be flourished and sustainably developed.

For all our schools, we believe we provide the best springboard for whatever course or classes they choose, we provide assistance in modules, year calendars and other program implementation.

Wherever their future may take them, your school faculty with our training and moulding programs will have character, drive and determination, a sense of fairness and respect for others and a touch of that unique spirit of parental satisfaction that comes from the Next School services.

**“Add your school name with The Next Gen School  
Brand your school with The Next Gen School”**

## Our Services Areas

We provide comprehensive, customized, student - centered services to schools and educators and are committed to creating and supporting schools across the state that educate students to be thoughtful, imaginative leaders.

We provide ongoing guidance and mentorship to the administration, quality assurance to the board and provide the best possible future for your school.

The Next school model focuses on quality assurance and continuous school improvement. Our academicians work closely with the school administration through various programs and site visits. Monthly progress on school goals are captured on a data dashboard reviewed by Next School senior management addressing the ten most important aspects of school operation and visitation reports are generated after each site visit.

# An association with Next School is your guarantee of quality.

To participate in any of these programmes please return the enclosed registration letter
